

Warren County Assistant to Engineer

Warren County Secondary Road Department is seeking applicants for Assistant to the County Engineer. The position is responsible for the development of engineering projects under the direction of the County Engineer. This includes assistance in the planning, surveying, design, drafting, and construction inspection of highway projects. An Associate Degree in Civil Engineering Technology from an accredited college or comparable education is preferred. A minimum of 5 years of experience in construction inspection, surveying, and/or contract administration for bridge and roadway projects will be considered in lieu of education. Applicants are required to hold a valid Iowa driver's license. Applicants must have or be able to obtain Iowa DOT certification in Level I HMA, Level II PCC and Aggregate Technician. Applicants should have fluent knowledge of and working experience in civil design software, word processing and spreadsheets. This position requires good communication skills and the ability to establish a working relationship with co-workers, contractors and the public. The salary will be based on qualifications and experience. Position Open until filled. Warren County is an Equal Opportunity Employer.
